BAUFORMAT HISTORY

Founded by the Baumann family, for more than 100 years, the Bau-for-mat factory has been pleasing its customers with best quality kitchen furniture. Bau-for-mat company began its ascent from small workshops where 4 Baumann brothers worked: 3 of them were carpenters, 1 - a merchant. Decades of successful development, the family factory now has more than 1000 employees, 33,000 m2 of production space and nearly 300 million euros of turnover per year.

Today, Bauformat has a high-tech production with the most modern equipment and a well-coordinated team of specialists.

As a result, the products of the factory are widely represented in different countries and always keep pace with the times. In 2014 Bauformat started the the rapid growth in the United States with introduction of our exclusive high-end BauLux collection featuring luxurious and exceptional front finishes and accessories.

THE "MADE IN GERMANY" SEAL OF APPROVAL GOES FAR BEYOND THE PRODUCTION SITE.

BAUFORMAT PRODUCTION

With capacity on manufacturing over 1000 kitchens daily, your project can be produced in 1 day.

German Quality is taken very strictly in all production areas of our company group. For this, we take a lot of time and invest in Hi-tech professional production plants, efficient production techniques, high environmental standards and partner with responsible suppliers.

Bauformat cabinetry is manufactured in a state-of-the-art facility where waste is reduced to a minimum and precision takes pride in place and where human skills always make the difference.

CONTRACT SERVICE **PROCESS**

ESTIMATING

We quickly produce a full quotation, where efficiency always manages to reduce costs, and we keep this as a route to be followed. All Bauformat production and design expertise is at the customer's service to make the most of, enhance and take full advantage of every choice that is made.

DESIGNING

The design phase is fundamental and that is why we use specific software. We develop in-house 3D graphic images to display the design results. Every project is conceived through an agile process of communication between the company and suppliers, customers, architects and designers: a real team spirit.

MANUFACTURING

Technology has never been a problem. We believe in investment - 42 million in the last 5 years in our production department: creativity and ability to adapt our machines to the latest realities. Bauformat is currently manufacturing over 1000 kitchens a day.

SHIPPING

Weekly shipments are available to New Jersey and Los Angeles, replacements parts and expedited shipments also available by UPS.

BAU
FOR
MAT.
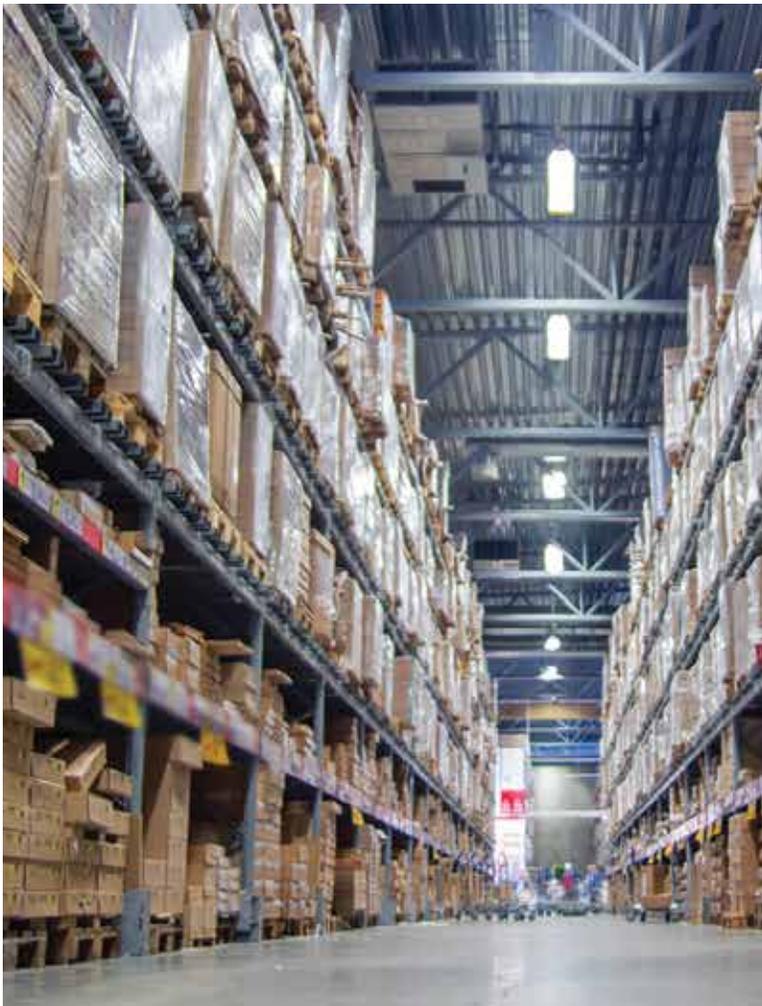

WAREHOUSE

Meeting delivery deadlines and requirements is part of every job, even the most complex. Our warehouse logistics and transport services work in perfect synergy. 45,000 SQFT warehouses in Los Angeles and New Jersey allow us to store arrived cabinets locally.

CERTIFIED INSTALLATION CREW

Several licensed, insured and bonded crews are available to install projects throughout United States. Yearly certification program in September ensures the high quality of the installation service.

BAU
FOR
MAT,

PROJECT MANAGEMENT

Bauformat representative will be available at project site to assist as needed.
We are always close to our customers in a timely, consistent and effective manner. This is the only way to ensure total complete satisfaction for the work achieved.

WARRANTY

Lifetime Limited Warranty on Drawer Guides and Hinges
